SCOTT T. MCCUE, ED.D.
SUPERINTENDENT OF SCHOOLS

November 4, 2026

Dear Eatontown Public Schools Community Member:

Based upon feedback from our school leaders and the school community, www.youtube.com will now be available to students on district-issued devices on Monday through Friday, between 7:00 a.m. and 3:00 p.m. Our district filter will block YouTube on district-issued devices outside of that time period.

The only exception to this rule will be for YouTube videos posted to staff Google Classrooms or YouTube videos embedded in educational software programs.

The goal of this change in procedure is to ensure students learn in a safe and supervised digital environment.

Thank you for your attention and cooperation. If you have any questions, please contact your child's principal.

Sincerely,

Scott T. McCue, Ed.D.
Superintendent of Schools
