

Summerwind STEM Academy

Pick-Up/Drop Off Map and Safety Expectations

- **SLOW DOWN.** All adults need to drive very slowly in any area on school grounds.
- The Student pick-up/drop off area is single lane and only one way, including the exit onto Jullion. **This is not a two-lane exit.**
- **Parent Pick-Up Vehicle** entry area is between the two cones on the sidewalk in front of the building only (nearest to the office windows).
- Students may **ONLY ENTER** vehicle from the sidewalk side. Students **MAY NOT** walk around and enter the car from the driver's side.
- Keep with flow of pick-up line, do not cut, leave line, or create a second line.
- Vehicles are never allowed in the bus loop for any reason at any time in the day.
- If you pick-up your student at a safety gate you **must** park in Visitor Parking lot. Students should never walk or be allowed to enter the Visitor Parking lot without an adult, or cross between busses. Exit your car, wait for your student near the gate and then safely walk together to your vehicle.
- **NO STUDENTS** or parents on the peninsula (No Walk Zone).
- **NO PARENTS** beyond safety gates at drop off/pick up or during closed campus hours. **See pictures below of safety gates.**
- Kindergarten students in Room 1 and 2 will line up on the lines provided to avoid congestion. Room 3 will line up by the room door behind the safety gate.
- **NO DOGS** on campus during closed campus hours.
- We are a **closed campus from 7:30am to 4:30pm**. If you want to stay and play after school, please exit to Jullion Park next door until 4:30pm.

Students walk bikes, skateboards, and scooters until they have exited the school property. All West Ada Schools have a "no wheels" on campus rule.
