Code of Conduct and School Handbooks

Students must adhere to school and district rules detailed in the Code of Conduct and school handbooks. Handbooks were distributed the first week of school, and the Code of Conduct is available in each school office or found at the district website www.oglethorpe.k12.ga.us under the Board of Education tab (BOE policies). All students and parents are required to sign a form acknowledging the requirements contained in the Student Handbook, which includes Attendance and Truancy information.

Parent ProTech has partnered with schools in Georgia to promote digital safety and responsible technology use among students and families. It provides resources and training to help parents and educators navigate the digital landscape, including information on online safety, digital trends, and parental controls. The program is available at no cost to all Georgia public schools and families. For all the information, please visit the link below:
