SCOTT T. McCUE  
SUPERINTENDENT OF SCHOOLS

March 11, 2026

Dear Eatontown Public Schools Community Member,

We know that students learn best when they feel best. According to the [National Center for Education Statistics](#): 70% of public schools say more students are seeking mental health services.

This school year, we are proud to offer all students with **\$0 access to online therapy and counseling services**, through our partnership with Hazel Health. Services are 100% safe and confidential.

Your student can speak 1-on-1 with a licensed therapist from the convenience of school or home between 7am - 7pm, with your consent. Hazel Health provides high-quality care for all students — no matter their insurance or immigration status.

**Hazel Health's licensed therapists can help students build the tools and skills they need to succeed in and out of the classroom:**

- Improve communication and confidence
- Build healthy friendships and relationships
- Develop coping skills to manage emotions
- Navigate academic stress and pressure

Hazel's short-term online therapy program has been proven to reduce symptoms of common mental health concerns — and gives kids tools to cope with challenges they face at school and beyond. Students cannot receive care without your consent, so please take 5 minutes to sign up today at [hazel.co](https://hazel.co).

Thank you for your consideration.

Sincerely,

Scott T. McCue  
Superintendent of Schools
